ORDER

29.10.2021

Though the petitioner has preferred this petition to assail the rejection of the petitioner's technical bid in respect of the tender in question, learned counsel for the respondent states that the respondent has decided to cancel the tender itself and that the financial bids of none of the bidders have been opened till date. He states that the said financial bids shall not be opened even thereafter.

Since the respondent has decided to cancel the tendering process, this petition has become infructuous and is disposed of as such.

The original record produced before us in a sealed cover be returned to the respondent.
